## DETERMINE YOUR DESTINY

### WHEEL OF LIFE

Our Lives consist of these ten areas shown below. We are created by God to live a fully prosperous lifestyle. A lifestyle having all our needs, wants and desires met. If our lives were completely balanced in every area, our Wheel of Life would be full of colour and we would be living at a Level Ten in all aspects of our life. We would be completely fulfilled and living a full and prosperous life.

The reality is that most of us have deficits in our lives in one area or another. While some may be strong in their relationships and weak in their physical or emotional area, another will be weak in those areas but strong in their creative area. Each one of us is at a different place.

In the following exercise we will identify for ourselves what level we are at in each of these life areas.

## Wheel of Life Level Assessment Process

### Process

To effectively assess exactly where we are at in each area of our lives, we will answer a series of questions on the following pages.

Grade each answer between 0 to 10. A zero would be very low and a 10 means a perfect situation or an answer that you are in complete 100% agreement with. Write down your score beside each question.

Some of the points below are listed as self questions and others are statements. Answer each of the statement and/or questions by being honest and transparent with yourself first.

If you are having difficulty answering any of the questions, then ask the question of someone who knows you well. They will give you insight into yourself.

The more honest and real you are with yourself, the more accurate the assessment will be. Remember the aim is to decipher areas where you need to grow in your personal character development to find joy and life fulfilment.

### When You Have Answered All the questions

For each area of life you will total your points and then divide by 10 to attain your overall score in that particular area of life.

Once you have answered the questions for each of the 5 areas of life, you can then plot these totals on the final Wheel of Life Assessment Scoring Page by drawing a line at your score point and then colouring in the area to obtain your own visual.

Once you have completed your copy of the Wheel of Life, you will have a better idea of exactly which areas of your life need improvement.
